Capturing opportunities that further strategic goals

VISION

To fully leverage its expertise to meet critical national needs, Argonne will take deliberate steps to accelerate discovery and promote entrepreneurship and transfer of ideas and technology.

We will focus on systematic capture of selected funding and commercialization opportunities that further our strategic goals, bolstered by active engagement in the Midwest innovation ecosystem.

GOALS

- ▶ Capture funding opportunities that further Argonne's strategic goals
- ▶ Bring the best talent to Argonne
- ▶ Operate efficiently and nimbly
- ▶ Accelerate innovation, entrepreneurship, technology commercialization and transfer of ideas

RESULTS

- ▶ Streamlined business operations
- ▶ Robust technology transfer and commercialization
- ▶ Spin-off corporations and intellectual property
- ▶ Business, academia and government collaboration

LEADERSHIP

Greg Morin, Director for Strategy and Innovation, Argonne National Laboratory
