## Relationship with Argonne

### User Facility Activity

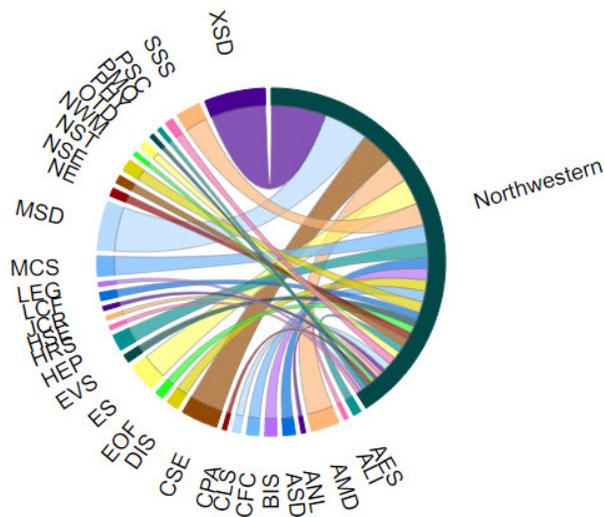

|                   | Description  | Years of Data | Users |
|-------------------|--|---------------|-------|
| APS Users         | Number of Advanced Photon Source users for years 2014, 2015, 2016 combined                 | 2014-2016     | 716   |
| ALCF Users        | Number of Argonne Leadership Computing Facility users for years 2014, 2015, 2016 combined  | 2014-2016     | 14    |
| CNM On-site Users | Number of Center for Nonscale Materials On-site Users for years 2014, 2015, 2016 combined. | 2014-2016     | 202   |
| CNM Remote Users  | Number of Center for Nonscale Materials Remote Users for years 2014, 2015, 2016 combined.  | 2014-2016     | 34    |

### Publications

There are 1168 publications that resulted from collaborations between Argonne National Laboratory and Northwestern University since 2014.

### Northwestern University Alumni

There are a total of 108 Argonne employees across 32 divisions that studied at the Northwestern University. Of these employees, 90 are in research divisions while the other 18 are in support divisions. A list of these employees is displayed below.

## University Statistics from IPEDS

Northwestern University had a total enrollment of 21,823 in Fall 2016 including full and part time undergraduate and graduate students. The university's Carnegie Classification is Doctoral Universities: Highest Research Activity and in FY 2016 the total of all operating expenses associated with activities specifically organized to produce research outcomes was \$463,049,000.

## Diversity

### Minority Serving Institution

According to the current version of data, Northwestern University is not designated as a minority serving institution.

### Women and Minorities Graduating in STEM Fields

|  | Description  | Years of Data | %    |
|--|--|---------------|------|
| Percent of Women and Minority STEM Associate | Percent of women and minorities STEM Associate graduates out of all STEM Associate graduates | 2015-2016     | 0.0  |
| Percent of Women and Minority STEM Bachelor  | Percent of women and minorities STEM Bachelor Graduates of all STEM Bachelor graduates       | 2015-2016     | 66.5 |
| Percent of Women and Minority STEM Master    | Percent of women and minorities STEM Master Graduates of all STEM Master graduates           | 2015-2016     | 74.2 |
| Percent of Women and Minority STEM Doctor    | Percent of women and minorities STEM Doctor Graduates of all STEM Doctor graduates           | 2015-2016     | 73.8 |

### Foreign Nationals Graduating in STEM Fields

|                                  | Description  | Years of Data | %    |
|----------------------------------|--|---------------|------|
| Foreign National STEM Associates | Percentage of all Associate degree STEM graduates that are foreign nationals | 2015-2016     | 0.0  |
| Foreign National STEM Bachelors  | Percentage of all Bachelors degree STEM graduates that are foreign nationals | 2015-2016     | 7.4  |
| Foreign National STEM Masters    | Percentage of all Masters degree STEM graduates that are foreign nationals   | 2015-2016     | 41.9 |
| Foreign National STEM Doctors    | Percentage of all Doctorate degree STEM graduates that are foreign nationals | 2015-2016     | 40.0 |
