## Relationship with Argonne

### User Facility Activity

	Description	Years of Data	Users
APS Users	Number of Advanced Photon Source users for years 2014, 2015, 2016 combined	2014-2016	273
ALCF Users	Number of Argonne Leadership Computing Facility users for years 2014, 2015, 2016 combined	2014-2016	13
CNM On-site Users	Number of Center for Nonscale Materials On-site Users for years 2014, 2015, 2016 combined.	2014-2016	30
CNM Remote Users	Number of Center for Nonscale Materials Remote Users for years 2014, 2015, 2016 combined.	2014-2016	15

### Publications

There are 991 publications that resulted from collaborations between Argonne National Laboratory and University of Wisconsin-Madison since 2014.

### University of Wisconsin-Madison Alumni

There are a total of 82 Argonne employees across 26 divisions that studied at the University of Wisconsin-Madison. Of these employees, 74 are in research divisions while the other 8 are in support divisions. A list of these employees is displayed below.

## University Statistics from IPEDS

University of Wisconsin-Madison had a total enrollment of 42,582 in Fall 2016 including full and part time undergraduate and graduate students. The university's Carnegie Classification is Doctoral Universities: Highest Research Activity and in FY 2016 the total of all operating expenses associated with activities specifically organized to produce research outcomes was \$1,003,091,239.

## Diversity

### Minority Serving Institution

According to the current version of data, University of Wisconsin-Madison is not designated as a minority serving institution.

### Women and Minorities Graduating in STEM Fields

	Description	Years of Data	%
Percent of Women and Minority STEM Associate	Percent of women and minorities STEM Associate graduates out of all STEM Associate graduates	2015-2016	0.0
Percent of Women and Minority STEM Bachelor	Percent of women and minorities STEM Bachelor Graduates of all STEM Bachelor graduates	2015-2016	49.1
Percent of Women and Minority STEM Master	Percent of women and minorities STEM Master Graduates of all STEM Master graduates	2015-2016	64.2
Percent of Women and Minority STEM Doctor	Percent of women and minorities STEM Doctor Graduates of all STEM Doctor graduates	2015-2016	65.9

### Foreign Nationals Graduating in STEM Fields

	Description	Years of Data	%
Foreign National STEM Associates	Percentage of all Associate degree STEM graduates that are foreign nationals	2015-2016	0.0
Foreign National STEM Bachelors	Percentage of all Bachelors degree STEM graduates that are foreign nationals	2015-2016	8.4
Foreign National STEM Masters	Percentage of all Masters degree STEM graduates that are foreign nationals	2015-2016	43.1
Foreign National STEM Doctors	Percentage of all Doctorate degree STEM graduates that are foreign nationals	2015-2016	38.1
